COMMUNITY SOLAR GENERATING FACILITIES

I. AVAILABILITY

This Community Solar Generating Facilities Subscription Service (“CSGF”) schedule is available to all customers qualifying as Subscribers to a Community Solar Generating (“CSG”) Facility pursuant to the Community Solar Rules approved by the Council of the City of New Orleans (“Council”).

II. DESCRIPTION

Pursuant to the Community Solar Rules, Entergy New Orleans, LLC (“ENO” or “Company”), customers have the option to subscribe to a portion of the Output from one or more CSG Facilities. ENO will provide a monthly credit to customers with such Subscriptions based on the customer’s proportionate share of the CSG Facility’s monthly energy Output times a dollars per kWh rate. Participating ENO customers are Subscribers with a Subscriber Organization. The Subscriber Organization is responsible for providing ENO with the Subscription information necessary for monthly billing under this schedule in timely manner.

III. MONTHLY BILLING TO CSG SUBSCRIBERS

The monthly Subscriber credit will be based on the applicable metered CSG Facility energy Output on a two-month lag basis.

- A. Monthly Subscriber Energy = (Customer’s kW Subscription for the applicable CSG Facility / Capacity of applicable CSG Facility) x applicable metered Monthly CSG Facility kWh Output.
- B. Credit for Customers who do not qualify as Low-Income Subscribers:
Monthly Subscriber Credit = Monthly Subscriber Energy x CSG per kWh credit as defined in Section VIII.E. of the Community Solar Rules per Council Resolution R-19-111 and shown on CSGF Attachment A.
- C. Credit for Customers who qualify as Low-Income Subscribers:
Monthly Low-Income Subscriber Credit = Monthly Subscriber Energy x the dollar per kWh value representative of the monthly retail rate based on the applicable retail energy-related revenue by rate schedule and the corresponding kWh as recorded on the Company’s financial records, exclusive of amounts attributable to nonbypassable riders. Such value will be applied on a two month lag basis.

In a monthly billing period, if the Subscriber’s credit exceeds the Subscriber’s bill for electric service, the excess billing credit will be rolled over as a dollar amount bill credit from month to month. Such credits will apply to the final bill if customer terminates service, however, no payment from ENO will be made for any remaining bill credit associated with the Subscriber’s Subscription if the amount of the credit exceeds the final bill.

IV. DEFINITIONS

Baseline Annual Usage - A Subscriber's accumulated kWh electricity use for the previous 12-month period at the time the subscription is entered into, as measured at the ENO meter, net of any distributed generation provided by the Subscriber to the utility system at that meter. For a Subscriber that does not have a record of 12 months of electricity use at the time of the Subscriber's most recent Subscription, an estimate of the Subscriber's accumulated 12 months of electricity use in kWh would be developed based on historical data for the customer class.

CSG Facility– A solar energy facility that meets the definition and requirements of the Community Solar Rules.

Low-Income Subscriber – A Subscriber whose gross annual household income is at or below 50 percent of Area Median Income for the year of subscription or who is certified as eligible for any federal, state, or local assistance program that limits participation to households whose income is at or below 50 percent of Area Median Income. The operator of a low-income multi-family dwelling unit may apply to the Council to qualify as a Low-Income Subscriber for the purposes of the Community Solar Program. The operator should demonstrate to the Council that the Subscription Credits will be credited to the tenants of the low-income multi-family dwelling.

Output - The energy and power produced by a CSG Facility. CSG Facility Output will be measured on a calendar month basis.

Subscriber – An ENO customer that holds a Subscription to one or more CSG Facilities and has identified one or more individual meters or accounts related to electric service to which the Subscription(s) shall be attributed.

Subscriber Organization - A person or legal entity that owns and operates a CSG Facility, or operates a CSG Facility that is built and owned by a third party under contract with such Subscriber Organization. A Subscriber Organization may also be a Subscriber to the facility, subject to the Limitations on Subscriptions as described in the Community Solar Rules.
