SCHEDULE ONW-6

**OUTDOOR NIGHT WATCHMAN SERVICE
(CLOSED TO NEW APPLICATIONS 4/1/08)**

I. AVAILABILITY

At all points throughout the territory served by the Company where existing facilities of suitable phase and voltage are adjacent to the premises to be served, and service is taken in accordance with the terms and conditions of the Service Standards and Service Regulations of the Company. Not available for temporary service.

T

II. APPLICATION

To electric service for the operation of overhead automatically controlled all night outdoor lighting service for lighting private streets, alleys, or any area of the premises, or for lighting on public streets subject to any requirements of local municipal authorities. The lighting fixture shall be a luminaire with outer globe open bottom glassware with a mercury vapor white lamp rated at approximately 175 watts, with control device and mounted on a bracket or mast arm of approximately 30 inches, as available, erected on Company owned or controlled poles where the fixtures and equipment are owned, maintained, and serviced by the Company.

T

Replacement of burned out bulbs will continue for these lights. However, when fixtures and/or ballasts must be replaced, they will be replaced with equivalent LED fixtures and will be priced according to the terms of the appropriate Rate Schedule.

T

T

Replacements requested by Customer will be scheduled consistent with available materials and the Company's available normal resources.

T

III. TYPE OF SERVICE

The lighting fixture requires 120/240 volts (with ground) single phase alternating current, 60 hertz, available to the premises to be served.

T

The lamps shall burn from dusk to dawn. Company shall furnish lamp renewals and install same. All necessary service and maintenance shall be furnished by the Company during the regular working hours of the Company.

The Company shall use Prudent Utility Practice to provide safe, adequate and continuous Service but shall not be responsible to any governing body, person, firm or corporation for loss or damage caused by the failure or other defects of Service when such failure is not reasonably avoidable or due to unforeseen difficulties, however caused.

T

The service provided pursuant to this rate schedule might not be continuous and Company shall not be liable if such service is interrupted by damage to or defect of the equipment, including normal lamp burn out, or because of interruptions of or defects in electric service, even if those are caused by or are the responsibility of Company.

T

Extension of one 30-foot pole may be made and served under Section A of the Net Monthly Bill. Extensions of more than one pole, made at Company's option, will be served under Section B of Net Monthly Bill.

If Company experiences excessive lamp replacements or maintenance expenses because of vandalism or other causes beyond its control, it reserves the right to discontinue service.

T

IV. NET MONTHLY BILL

A. \$7.90 per lamp per month installed on existing pole(s) and where suitable phase and voltage are available, plus any applicable adjustments. (Rate Category NW1)

CR, T
T

For a one pole extension, the charge will be \$3.02 per pole. (Rate Category NW2 pole only)

CR, T
T

B. When Customer requests a night watchman system which requires more than a one pole extension, Company may, at its option, furnish and maintain such system when Customer signs an Additional Facilities Agreement pursuant to the Additional Facilities Charge Rider, Option A. An additional monthly facilities charge will be assessed based upon the total installed cost of the system including any extension of electric facilities plus \$5.30 for each light. (Rate Category NW3)

CR, T

C. Adjustments:

First – Plus or minus the applicable proportionate part of any directly allocable tax, impost or assessment imposed or reduced by any governmental authority after the effective date of this schedule, which is assessed or levied against the Company or directly affects the Company's cost of operation and which the Company is legally obligated to pay on the basis of meters, customers, or rates of, or revenue from electric power and energy or service sold, or on the volume of energy generated, transmitted, purchased for sale, or sold, or on any other basis where direct allocation is possible.

Second – Plus the fuel adjustment to be calculated based upon the total kWh included in the monthly bill times the adjustment per kWh for the current month calculated in accordance with Rider Schedule FAC. The adjustment per kWh shall be applied to the calculated kWh use per lamp.

Third – All other applicable adjustments approved by the City Council of the City of New Orleans.

T

V. PAYMENT

The Net Monthly Bill is due and payable each month. The Gross Monthly Bill, which is the Net Monthly Bill plus 5%, becomes due after the Gross Due Date shown on the bill, which shall not be less than twenty (20) days from the date of billing.

VI. CONTRACT PERIOD

The contract shall be for a minimum period of one year and, at Company's option, may be longer to justify the investment in lighting fixtures and facilities.
